EDUCATION

University of Wisconsin-Madison | Madison, WI **May 2027**

- Bachelor of Science: Consumer Behavior & Marketplace Studies
- Certificates (minors): Game Design, Entrepreneurship, Digital Studies
- GPA: 3.3/4.0
- Delta Upsilon Fraternity

IES | Barcelona, Spain January 2026 – April 2026

PROFESSIONAL EXPERIENCE

Utilyze | Investment Marketing Intern | Remote May 2026 - August 2026

- Built multi-year revenue models and pricing scenarios to evaluate growth opportunities, operating costs, and potential revenue across different customer adoption levels.
- Designed and developed websites for small business clients, translating business needs into customer-facing digital experiences and new revenue opportunities.
- Supported startup fundraising efforts through investor research, outreach, and preparation of materials to communicate the company's business model and growth potential

BIOGENA ONE | Digital & AI Creator | Venice, CA April 2026 - August 2026

- Developed AI-assisted social media content and digital assets for BIOGENA ONE, using prompt engineering and creative tools to bring the brand's wellness story to life and engaging audiences online.
- Researched and experiments with emerging AI platforms to identify innovative approaches for content creation to help streamline creative workflows and expand the brands digital footprint.

Extern| News Corp Product Manager Externship | Remote March 2026 - June 2026

- Mapped end-to-end user journey for the New York Post app by identifying key touchpoints, user behavior, and friction points to uncover opportunities for improving engagement and retention.
- Conducted competitive benchmarking of major news platforms (e.g., NY Post vs. The New York Times) to analyze differences in UX, engagement strategies, and monetization models.
- Created a PRD-lite, user stories, acceptance criteria, user flows, and an interactive prototype for "In5", an engagement-focused feature concept designed to translate research insights into a testable product solution.

Sett Recreation | Student Supervisor | Madison, WI February 2024 - December 2025

- Coordinate weekly "Badger Bash" events in collaboration with student teams to strengthening community engagement and enhancing game-day experiences, contributing to a 50% increase in customer satisfaction
- Trained and mentored new student employees at Sett Recreation, developing their communication and sales skills through shadowing, live coaching, and needs-based sales training which improved overall customer satisfaction
- Hosted and executed private events (birthday, retirement, and student club/organization functions) by partnering with campus groups and local communities to drive community engagement, which increased revenue by 10% and 25% growth in repeat bookings

COURSEWORK EXPERIENCE

UW-Madison | Game Design II | Madison, WI September 2025 – December 2025

- Collaborated with a cross-functional team to develop 3 mini games and 1 full-scale game, contributing across roles including producer, designer, artist, UX/UI, play tester, and software engineer
- Participated in game development competitions, applying playtesting methodologies to gather and implement critical feedback from peers, professors, and industry professionals
- Utilized Adobe Creative Suite (Photoshop, Illustrator, and Indesign) as lead artist to make design polished, visually cohesive assets that elevated the overall quality of the game project
- Iterated on game projects post-launch using a product management mindset, enhancing gameplay and optimizing user experience based on feedback
